Re: Wells G&H Superfund Site, EPA Oversight Bill for **OU1, W.R. Grace Source Area Property Allocable Costs** – issued to W.R. Grace & Company (and/or filed as a protective administrative expense claim).

Dear Ms. Duff:

The enclosed bill is for costs the United States Environmental Protection Agency (EPA) has incurred for certain response activities at the Wells G&H Superfund Site in Woburn, Massachusetts (the "Site") under the authority of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. § 9601 et seq., and the October 9, 1991 Consent Decree entered by the Court in *United States v. Wildwood Conservation Corporation, et al.* (Civil Action No. 1:91cv11807). As you know, W.R. Grace & Co. (Grace) reimbursed EPA for a portion of its post-petition response costs incurred through September 30, 2005 pursuant to the Settlement Agreement Resolving the United States' Proofs of Claim Regarding Certain Environmental Matters, which was approved by the Bankruptcy Court on June 2, 2008 (Docket No. 18847) (the "Settlement Agreement").

This bill concerns OU1 EPA oversight costs in the amount of \$781,634.35, all of which are allocable to the Grace source area property for the time period from October 1, 2005 through February 3, 2014. As specified in the 1991 Consent Decree, the settling defendants are individually responsible for any OU1 oversight costs that can be allocated to specific source area properties (see Paragraph 47). The costs included in the attached bill fall into this category.

Note that this bill includes interest, at the applicable Superfund statutory interest rate, from the time of incurrence of EPA's costs. 42 U.S.C. 9607(a). According to the terms of the Site Consent Decree, payment is due within 30 days of your receipt of this bill.

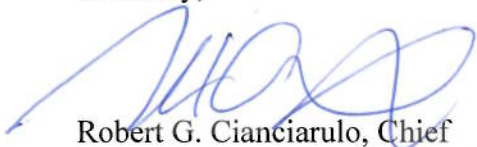

EPA reserves the right to seek additional interest on late payments, in accordance with Paragraph 48 of the 1991 Consent Decree. Further, in accordance with the terms of the Consent Decree, EPA can seek stipulated penalties as a result of this non-compliance. You should contact Lori

Weidner at (513) 487-2125 if you wish to submit your payment via electronic wire transfer or Federal Express, to ensure that it is received by the due date.

It is the position of the United States that the costs set forth in this bill were not discharged, impaired or affected in any way by Grace's bankruptcy per Paragraph 12(a)(1) of the Settlement Agreement. However, in an abundance of caution, the United States has or intends to file a protective administrative expense claim for these same costs. In other words, the protective administrative expense claim is being filed in the event that the Bankruptcy Court disagrees with the United States' interpretation of Paragraph 12(a)(1) and determines that the Bankruptcy Court's administrative expense claim procedural requirements apply to these costs. If so, then costs set forth in this bill will be handled under the administrative expense process in the bankruptcy and this bill should be considered merely informational in nature.

Please contact Cindy Lewis, Senior Enforcement Counsel, at (617) 918-1889, to request additional time to pay, or to schedule a meeting to discuss this matter.

“Settlement Agreement”). The other recipients of this bill, also Settling Defendants in the 1991 Consent Decree, will receive a separate bill for the costs EPA incurred at the Site through September 30, 2005 that were not reimbursed by Grace pursuant to the bankruptcy Settlement Agreement.

This bill concerns OU1 EPA oversight costs in the amount of \$1,063,761.30, all of which are not allocable to a particular party or property source area for the time period from October 1, 2005 through February 3, 2014. As specified in the 1991 Consent Decree, the settling defendants are jointly and severally responsible for any OU1 oversight costs that are not practicably allocable to specific source area properties (see Paragraph 47). The costs included in the attached bill fall into this category. As such, we are sending the total bill for these costs to all OU1 settling defendants so that you can determine, amongst yourselves, how you wish to coordinate remittance of the total amount due.

Note that this bill includes interest, at the applicable Superfund statutory interest rate, from the time of incurrence of EPA's costs. 42 U.S.C. 9607(a). According to the terms of the Site Consent Decree, payment is due within 30 days of your receipt of this bill.

EPA reserves the right to seek additional interest on late payments, in accordance with Paragraph 48 of the 1991 Consent Decree. Further, in accordance with the terms of the Consent Decree, EPA can seek stipulated penalties as a result of this non-compliance. You should contact Lori Weidner at (513) 487-2125 if you wish to submit your payment via electronic wire transfer or Federal Express, to ensure that it is received by the due date.

RE: Demand for Reimbursement of Costs Expended
Libby Asbestos Site – Operable Unit 3; Libby, Montana

Dear Mr. Medler:

The United States Environmental Protection Agency (EPA) previously contacted W. R. Grace Company (W. R. Grace) regarding activities connected with the Libby Asbestos Site – Operable Unit 3 (Site) located in Libby, Montana. The EPA and W. R. Grace have settled response costs from June 1, 2007 through the current date, pursuant to two Administrative Orders on Consent (AOCs) under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (CERCLA). The AOC docket numbers are CERCLA 08-2007-0012 and CERCLA 08-2012-0004. The most recent bill for these oversight costs (Bill # 2781426S0031) was sent to you on April 24, 2014, and is still outstanding.

There remains a relatively small amount of costs relating to Operable Unit 3 that were incurred before June 1, 2007, which have not previously been billed or collected. These response actions were for Operable Unit 3 site investigation work and enforcement work that occurred prior to the entry of the two AOCs (CERCLA 08-2007-0012 and CERCLA 08-2012-0004.)

The approximate total of response costs in this category and interest that has accrued from 04/01/2001-05/31/2007 for the Site is \$ 24,716.93. Under Section 107(a) of CERCLA, the EPA hereby makes a demand for payment from you for the above amount that is authorized to be recovered under Section 107(a). An itemized cost summary of these costs is enclosed as Attachment A.

It is the position of the United States that the costs set forth in this bill were not discharged, impaired or affected in any way by the bankruptcy per Paragraph 12(a)(1) of the Settlement Agreement. However, in an abundance of caution, the United States has filed or intends to file a protective administrative expense claim for these same costs. In other words, the protective administrative expense claim is being filed in the event that the Bankruptcy Court disagrees with the United States' interpretation of Paragraph 12(a)(1) and determines that the Bankruptcy Court's administrative expense claim procedural requirements apply to these costs. If so, then costs set forth in this bill will be handled under the

administrative expense process in the bankruptcy and this bill should be considered merely informational in nature.

If you have any questions regarding this letter, please contact James Freeman, U.S. Department of Justice Attorney, at 303-844-1489 or Lorraine Ross, EPA Enforcement Attorney, at 303-312-6888. Thank you for your prompt attention to this matter.
